

## My Key Goals for 2007-2011

**A** Improve Deer Park's financial picture by applying corporate best practices....***I have real-world business experience in managing multi-million dollar budgets.***

- Trustee Kizior reported that "sacrifices were made in roads and infrastructure to fund open space [Vehe Farm and a parcel in the Triangle]....Once the debts are paid off...the problem [deficit spending] will be less ominous." (*Lake Zurich Courier 3/22/07*)

**B** Focus on Deer Park roads. I have personally talked to the residents in more than 400 homes. I hear your concerns about the thump, thump of your tires on the wash-board roads....***I will work to get the funds necessary to resurface the roads.***

**C** Be a full-time representative of the residents....***I am retired and can devote full time to village business.***

**D** Dialogue has been heated between Deer Park residents and trustees. I have seen and heard the conflict, a result of residents' frustration with trustees who absolutely refuse to answer questions....***I have two proposals to open up communications. First, schedule Town Hall meetings, and second, change the public comments portion of the board meetings to "Public Comments or Questions." Residents could then choose to use their allotted 5 minutes to make comments or to Q & A with trustees.***

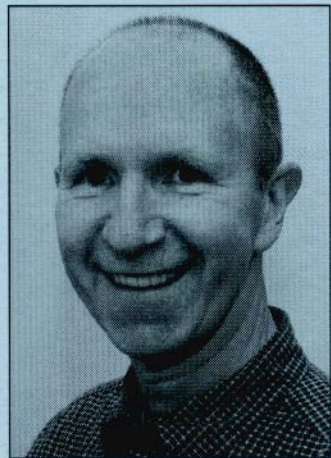

**E** Implement a marketing plan to achieve a return on the enormous investment in the barn at Vehe Farm....***I have a 30-year career in marketing and new product development.***

**F** Apply this litmus test to village business: ***If it doesn't benefit residents or make sound economic sense, we should not do it.***

# Cast One Vote for Richard Chay

# Cast One Vote for Richard Chay

Richard Chay is campaigning independently, without a slate. He has not accepted financial contributions from any person, business or developer, is not beholden to any special interests in the community, nor will he owe anyone any "favors" if elected to Deer Park Village Trustee. Richard Chay is taking direction for his campaign only from the residents of Deer Park.
