This is an endorsement of Bob Kellerman for Village of Deer Park President. This Village needs a change in a Big Way. We've lived in this town for 3 1/2 years and have been to several Village Meetings. During several of the Meetings it was stated there was monies due for the construction of the Vehe Farm. On one of the agendas at the Meeting to our surprise & amazement the majority of the Board voted on paying the construction company without an invoice. Bob Kellerman was the only one we noted to vote against paying the construction company without an invoice. If this were an upstanding town everything would be accounted for. This is absurd. You may have thought we wrote this incorrectly but we have not. The Village of Deer Park Board of Trustees voted on and agreed to pay the company who performed construction work without the benefit of an invoice. Bob Kellerman was the only trustee who voted against it. It is the fiduciary responsibility of the Board to oversee that everything is properly accounted for. Therefore it is our responsibility as a community to elect an honest person as a Board President. That honest person with integrity is Bob Kellerman. Bob will bring transparency and open government which we do not now have.

Bob will bring the Village of Deer Park into the 21st century with the help of Keith Olson and Dale Sands. Currently the Village of Deer Park is not run as if it were in the 21st century. Currently there are no computerized records. We've been told many times that everything is on paper in the basement of the Vehe Farm. This is yet another example of the Village Board's fiduciary responsibility to the law abiding taxpayers of the Village of Deer Park. Once again the Village needs a change in a Big Way.

Deer Park needs professionals to run our government rather than amateurs. And that's what Bob Kellerman, Keith Olson and Dale Sands will bring to our community. On April 7th it is imperative that everyone living in this Village vote for these changes.

Sincerely,
Jerry Kryska
