Debra,

Please include my endorsement of the Olsen, Sands, Kellermann slate. I really am disappointed that John had to drop out of the race due to family matter as the Village of Deer Park could have truly benefited from his involvement.

I have been involved in our Village for 4 years as an active trustee and resident activist for the many of the other years. Our village once rich and managed our resources to the best interest of all residents is now poor and unable to maintain our roads and drainage problems due to the over spending on Special interest projects supported by Scott Gifford and his supporters. I campaigned in previous election about the Vehe spending and was blasted by Scott Gifford that my analysis of the spending on Vehe was inflated to win the election. Now it appears after Bob Kellermann has been elected as Village Trustee that it was worse then even I believed. Review the material sent last time that Scott Gifford ran for election and see how the message has changed. As the road commissioner during my 4 years, Scott Gifford and his supporters cut the road and drainage budget in favor of Vehe spending each and every time. Review the votes in public record. We can not afford another 4 years of special interest with no vision on how to support the needs of all of our residents. The new slate of Olsen, Sands, and Kellermann have the best interest of all the residents and will work to stabilize the deficit spending and refocus the villages limited funds on our most important assets, roads and parks.

Pat Ekstrom
